## Instructor - Led Training

Our courses are specifically designed by AVEVA™ to meet the needs of professionals working in engineering and technology.

With EMC training, you can be assured of receiving high-quality instruction from industry experts. We're here to help you build the essential skills and knowledge to operate AVEVA™ products.

## AVEVA™ Unified Engineering

### Current Course List

AVEVA™ Pro II / Simulation Admin 2025  
AVEVA™ Pro II / Simulation User 2025

AVEVA™ Engineering 15.7+ Admin  
AVEVA™ Engineering 15.7+ User

AVEVA™ Diagrams 12.4.2 Admin  
AVEVA™ Diagrams 12.4.2 User

AVEVA™ P&ID Admin 12.4  
AVEVA™ P&ID User 12.4

AVEVA™ ERM V19 – Catalogue Management  
AVEVA™ ERM V19 – Material Management

AVEVA™ PCM V25.1 (Point Cloud Manager) & E3D3.1 Using Laser Models

AVEVA™ ISM - Information Standards Manager Admin (For Admin Personnel Only)  
AVEVA™ AIM-A - Asset Information Manager Advanced Admin (For Admin Personnel Only)

## AVEVA™ Courses and EMC instructor's overview

### Courses

Our training courses offer structured learning programs developed by AVEVA™ to deliver the specific skills and knowledge needed to confidently work within the AVEVA™ suite of applications.

### Instructors

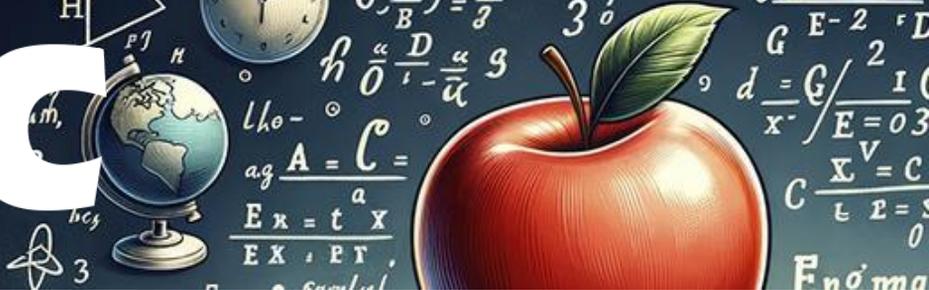

Our instructors are industry experts with extensive engineering backgrounds or former AVEVA™ professionals with direct, hands-on development experience in the relevant applications.

## Business development

Whether you're introducing AVEVA™ products into your business for the first time or looking to expand your existing AVEVA™ capabilities, our instructor-led training, delivered by experienced experts, will build your workforce's skills with confidence and competence.

## Personal development

At EMC, our training extends beyond organisations, we offer courses designed for engineers and designers who want to advance their personal career development within the AVEVA™ suite. Led by industry experts, our interactive, instructor-led training equips you with the knowledge and hands-on skills to grow and succeed in your profession.

## AVEVA™ E3D (Unified Engineering)

### Current Course List

AVEVA™ Administration 2.1 Administration

AVEVA™ E3D3.1 Paragon – Piping Catalogues & Specifications  
AVEVA™ E3D3.1 Paragon – Structural Catalogues & Specifications  
AVEVA™ E3D3.1 Paragon – Cable Catalogues & Specifications  
AVEVA™ E3D3.1 Paragon – HVAC Catalogues & Specifications

AVEVA™ E3D3.1 ISODraft & Spooler - Piping Isometric configuration and Spooler

AVEVA™ E3D3.1 Design – Foundations, Model Utilities and Reporting

AVEVA™ E3D3.1 Design - Equipment Modelling  
AVEVA™ E3D3.1 Design - Pipework Modelling  
AVEVA™ E3D3.1 Design - Structural Modelling  
AVEVA™ E3D3.1 Design - Stairs, Ladders, Handrails, Walls & Floors modelling  
AVEVA™ E3D3.1 Design - Cableway & Cable Modelling  
AVEVA™ E3D3.1 Design - Cable Tray Modelling  
AVEVA™ E3D3.1 Design - Heating, Ventilation & Air Conditioning Modelling  
AVEVA™ E3D3.1 Design - Supports Module - Multi-Discipline Supports (Admin)  
AVEVA™ E3D3.1 Design - Supports Module - Multi-Discipline Supports (User)  
AVEVA™ E3D3.1 Design - Electrical & Instrumentation Equipment Modelling

AVEVA™ E3D3.1 Draw - Administration  
AVEVA™ E3D3.1 Draw - User  
AVEVA™ E3D3.1 Design Automatic Drawing Production  
AVEVA™ E3D3.1 Design Area Based Automatic Drawing Production  
AVEVA™ E3D3.1 Design HVAC - Cableway Isometric Automatic Drawing Production

## Snapshot

- Build skills through hands-on, in-person courses with direct expert interaction.
- Equip your team with the tools to become effective and productive.
- Gain the knowledge and skills to add more value to the organisation, whilst developing careers.
- Learn the skills needed to implement best practices within the AVEVA™ environment that can drive a positive impact across the organisation.
